## ROCK N BLUES Vol.1

It is with tremendous excitement that Rock N Stone Productions announce the release of SEB & JESS' very 1st EP « Rock N Blues vol.1 »! Recorded in the mountains of Morin-Heights, Canada, this first studio album for the duo - who have been on the road this summer - is a new step towards their goal of touring the globe with their Rock N Blues repertoire!

The album transposes the style and energy of their live shows performed in the manner of a « one man band » Duo.

SEB & JESS revisit such timeless classics as « At Last » by Etta James, « Hip Shake » by Slim Harpo, « Hit the road Jack » by Ray Charles, « Babe what you want me to do » by Jimmy Reed and « Roll over Beethoven » by Chuck Berry. The record also features a first original track « The Love accord », a title referring to the expression « Peace accord », in which we learn how the two singers met and what « love accord » they decided to sign!
